

## Factsheet — Canadian Mortgage Technology

# Filogix Expert POS – A web-based mortgage application solution

A solution designed to enable an effective management of the sales process from origination through underwriting.

//

*Filogix Expert POS is reliable and secure end-to-end solution for creation, submission and management of mortgage applications."*

The landscape for mortgage sales in Canada is complicated—with millions of borrowers, thousands of mortgage brokers and hundreds of lenders involved. Tools that efficiently connect stakeholders and more effectively facilitate the mortgage application process are critical.

Process mortgages faster with our streamlined application process. Filogix Expert POS is a reliable and secure end-to-end solution for the **creation, submission, and management** of mortgage applications.

Filogix Expert POS offers secured connectivity between the most lenders and the most mortgage brokers than any other available solution.

This solution provides:

- **Real time connectivity** between brokers, lenders, and other industry partners including CRMs, Credit Bureaus, Creditor Insurance providers, and Filogix Exchange document management.
- **An easy-to-use, intuitive interface** with robust help capabilities.
- **Configurability** at both the firm and user level. Our solution adapts to your environment and allows for more effective differentiation in the market.
- **A complete solution** for the creation and vetting of mortgage applications, including integrated industry-standard management tools and a robust business rules engine to assure the quality and completeness of data before submission.

# Connecting over 17,000 brokers and hundreds of lenders to save time and increase efficiency
